SUMMARY

Motivated and detail-oriented Computer Science Engineering graduate with a strong foundation in software development. Proficient in Java, JavaScript, and Python, with hands-on experience in Data Structures and Algorithms (DSA), web development (HTML/CSS), and problem-solving. Passionate about building software solutions. Eager to contribute to dynamic development teams through internships or entry-level roles.

PROJECTS

To-Do List Application (Java)

- Built a console-based To-Do List application in Java with features like adding, deleting, updating, and viewing tasks.
- Implemented file handling to ensure task persistence across sessions.
- Followed object-oriented design principles to maintain clean, modular, and readable code.

Portfolio Website

- Designed and developed a personal portfolio using HTML and CSS with a clean layout and animations.
- Included a detailed introduction, technical skills, and educational background.
- Presented skill sections and project highlights to showcase technical capabilities.

EDUCATION

- Bachelor of Technology in Computer Science
  From - Dr. A.P.J. Abdul Kalam Technical University · 2026

SKILLS

Programming Languages: Python, JavaScript, Java, HTML/CSS

Database: MySQL

Other: Object-Oriented Programming, DSA, Problem Solving
